TOPIC GIS DAY 2008 **JAY YEARWOOD**

Proposed idea for participation in GIS Day 2008, to occur Wednesday, November 19. There was a common interest to participate by many attendees. Discussion focused on where to hold event. FVTC came up as well as possibly Lawrence University as locations. It was decided to keep this as an active item with a task force designated to do more research of event ideas and locations. E-mail discussions plan to continue on the topic. A meeting of the task force should take place soon to discuss event details as booking a location will fill up fast. Task Force members: Jay Yearwood, Brad Bastian, Jeff Clark, Jennifer Tovar, Jason Weis, and Trish Nau

TOPIC FUTURE PRESENTATIONS **ALL**

Several ideas surfaced and were offered. Brad Bastian offered to give a recap from the ESRI International Conference being held this August in San Diego as well as Luke Behling on the Crime Analysis mapping with CrimeView. Other demo options discussed were demonstration of the wifi camera, a possible 3D / Spatial Analyst, and emergency mapping at the EOC. Anyone interested in giving a demo at the last meeting should e-mail Brad or Luke so that it is placed on the agenda for the next meeting. (Please cc: Trish on the e-mail as she will meet with Brad or Luke on the agenda.)
