Dean Kaderabek	Arc10 and Server implementation with SDE. Preparing for redistricting.

TOPIC GIS DAY 2012 **JAY YEARWOOD**

In continuing the success of last two years, the group wants to work on an event for GIS Day 2012, to be held Wednesday, November 14, 2012. The plan is to try to again hold the event at UW-Fox Valley due to the success and support. The task force will meet and collect ideas and information for the event and make a call for volunteers and posters at the June Meeting.

TOPIC LINKEDIN **JAY YEARWOOD**

In an effort to better manage our mailing list, since it is shared among several hosting organizations, we plan to delete the duplicate names from our e-mail list that are also members through the LinkedIn group. This should help to better identify those on the e-mail list and limit notification to one message. You are encouraged to join the group through Linked-In to ensure notification of meetings and announcements. If anyone who is a member of the LinkedIn group wants to remain on the e-mail list, please let me know.

TOPIC FUTURE CONFERENCES **ALL**

WLIA Spring Regional Meeting – May 17-18 at the Pointe Resort in Minoqua.
 Esri International User Conference – July 23-27 in San Diego, CA.
 WLIA Fall Regional Meeting – Oct 23-24 at the Paper Valley in Appleton
 EWUG – Oct 25-26 at the Paper Valley in Appleton

NEXT MEETING

The next meeting will be held at the East Central Wisconsin RPC offices. The date and official time will be sent out once it is finalized. There is no demo announced yet. If you have a suggestion, please send us a brief note on what you would like to see.

Minutes are provided as a summarized version of topics and discussions. Errors may exist from transcription from notes and lack of full understanding of projects discussed. Please contact individuals if you have specific questions regarding their projects and planned implementations.

If you want something included on the next agenda, please e-mail Trish Nau and Jay Yearwood with ideas and/or questions.
