

# Fox Valley GIS User Group

## MINUTES

TUESDAY,  
APRIL 23, 2013

1:00  
PM

TOWN OF GREENVILLE

<b>FACILITATOR</b>	Jennifer Tovar
<b>NOTE TAKER</b>	Jennifer Tovar
<b>ATTENDEES</b>	Jennifer Tovar, Andy Maracini, Tyler DeBruin, Mike Zuege, Benny Rockweiler, Tammy Castonia, Mark Lund, Jess Schneider, Traci Meulemans, Jamie Neils, Aaron Lehmkuhl, Rob Michaelson, Becky Olson, Dan Hutter, Kris Lyons

<b>DEMOS / PRESENTATIONS</b>	MARK LUND SHARED A DEMO ON AN ARCGIS MOBILE APPLICATION THEY HAVE DEVELOPED FOR THEIR UTILITY LOCATORS. THIS APPLICATION UTILIZES THE WATER UTILITY MOBILE MAP TEMPLATE AVAILABLE FROM ESRI.
------------------------------	--

TOPIC	PROJECT REVIEWS	ALL
Traci Meulemans, Outagamie County	Web server install, LiDAR data download, tourism site	
Rob Michaelson, Manitowoc Public Utilities	Have been using disconnected GIS with no editing, RFP to convert current GIS to new geodatabase	
Tammy Castonia, Village of Little Chute	Updated public GIS site, building footprints tied to fire department inspection, sewer lateral replacement project, replacing building inspection software	
Kris Lyons, City of Oshkosh	Interns have been doing GIS updates, working on design and layouts in CAD	
Jennifer Tovar, Town of Greenville	Researching ArcGIS Online vs. a consultant for web-based GIS, preparing for mobile with various departments, finalizing infrastructure updates.	
Aaron Lehmkuhl, City of Appleton	Bridge inventory in excel to GIS, water valve updates	
Mark Lund, City of Appleton	ArcGIS Mobile	
Jess Schneider, City of Appleton	Google transit, waiting for the County to upgrade and then they'll most likely move to 10.2	
Andy Maracini, Winnebago County	Not doing much GIS at this time, working on Access databases and tying agriculture to GIS	
Jamie Neils, City of River Falls	Cleaning up data and making sure everything matches because River Falls crosses two counties. Sidewalk, ramp & crosswalk data. Sign inventory.	
Mike Zuege	Fox Cities Bike/Ped plan updates, graphics work for annual report	
Benny Rockweiler, ADCI	Updating NavTek and Tom Tom, Customization for Franklin County Ohio sheriff's department	
Dan Hutter, Menasha Utilities	Working on water and electric in CAD	
Tyler DeBruin	Land use updates, comp plan mapping, bike & ped mapping	

TOPIC	WIGICC RECAP	JENNIFER TOVAR
	The council has been addressing a resolution regarding proposed budget items concerning land records modernization. Governor Walker's proposed budget recognizes the importance of geospatial data and activities in Wisconsin. The council supports the Governor's proposed initiatives to update the state's land cover map and create and maintain a statewide digital parcel map and the proposed reallocation of the \$5 redaction fee to the Wisconsin Land Information Program to support the proposed geospatial initiatives.	

**TOPIC****WLIA NEWS AND INFO**

ALL

Annual meeting was held February 13 – 15 in Lake Geneva. Mixed comments regarding presentations and workshops. Spring Regional is scheduled for May 15 – 16 in Wausau.

**TOPIC****GIS DAY 2013**

Jennifer will contact Andy Shears at UW Fox Valley to again see if he is willing to host the event as it has been our most successful location.

**TOPIC****FUTURE  
PRESENTATIONS**

ALL

It was suggested that we consider trying something different for future meetings in order to get more out of the quarterly meetings. Pick four topics from the last meetings roundtable of current projects that may be something others are working on. Have a 15 minute open discussion about what works, what doesn't, and suggestions to help each other out. Suggested topics for July meeting are: JavaScript, Infrastructure (sewer laterals, water valves, etc.)/Geometric Network, Transit, Sign Inventory. We can always change topic items if there are no individuals in attendance interested or if there are other topics of more importance at the time of the meeting.

**TOPIC****NEXT  
MEETING**

The next meeting is tentatively scheduled for 1:00 pm on **Thursday, July 18, 2013** at ECWRPC, 400 Ahnaip St., Suite 100, Menasha, WI.

Minutes are provided as a summarized version of topics and discussions. Errors may exist from transcription from notes and lack of full understanding of projects discussed. Please contact individuals if you have specific questions regarding their projects and planned implementations.

If you want something included on the next agenda, please e-mail Brad Bastian, Jennifer Tovar or Mike Zuege with ideas and/or questions.
