## TOPIC ARCGIS ONLINE

Questions were asked, if anyone is allowing editing to be done on-line. At this point, no one is allowing or doing any editing on-line.

**TOPIC****ESRI UG INTERNATIONAL  
CONFERENCE RECAP**

Arc Pro is currently in beta and will be released in the fourth quarter with 10.3 update. Arc Pro is a separate standalone product designed to work with ArcGIS Desktop and will allow the user to import .mxd, scenes, and globes. Arc Pro will allow multiple layouts and 2-D/3-D visibility.

**TOPIC****GIS DAY**

GIS day will be November 19, 2014. Register your event by September 19, 2014, to be eligible to receive promotional items to support your GIS Day event, register at [gisday.com](http://gisday.com). Will be looking for volunteers and location in the near future.

**TOPIC****FUTURE  
PRESENTATIONS**

Send suggestions for demos to Brad, Jennifer, or Mike.

**TOPIC****NEXT MEETING**

The next meeting will be held at Outagamie County in September. Date to be determined.

Minutes are provided as a summarized version of topics and discussions. Errors may exist from transcription from notes and lack of full understanding of projects discussed. Please contact individuals if you have specific questions regarding their projects and planned implementations.

If you want something included on the next agenda, please e-mail Brad Bastian, Jennifer Tovar or Mike Zuege with ideas and/or questions.
